Switching has
never been easier.
We have it down to
a science!

Some people think that switching your financial institution is a daunting task. Relax. We've taken on so many new members we know exactly what to do to make your transition go as smooth as possible.

When the time comes... we do the work. Our helpful Member Services Representatives will meet with you to record all the pertinent information we'll need to get the job done for you.

Steinbach Credit Union
Stronger together.

All information in this brochure is subject to change without notice and is not binding on decisions made by SCU.

Opening An Account

The first step is to create an account with SCU either in Steinbach or Winnipeg. To open your personal account, we will require your personal information, identification and a \$5 share. Business Accounts will also require your Business Name Registration or Articles of Incorporation (if applicable).

SCU will initiate – on your behalf – all transfers from your previous financial institution. All you have to provide is detailed account information.

An SCU Member Service Representative will complete all the necessary authorization forms and will forward them to your previous financial institution. Some fees may apply at the previous financial institution. At that point, all your funds will be transferred to your new SCU account – Savings, Chequing, Line of Credit (upon approval), or business (if applicable).

Credit Card

For your credit card needs we offer a pre-approved SCU MasterCard®. We can easily change another credit union's MasterCard for an SCU card by simply completing an internal form. Choice Reward Points are awarded for balance transfers from existing credit cards to your new SCU MasterCard.

ATM Member Card

We issue you a debit card that provides you with access to your accounts at any ATM, and allows for store purchases at any debit machine. Personal deposits may also be made at many credit unions across Canada.

Loans

Transferring your loans is no problem either. We'll take care of all the paper work and make sure everything, including approvals, is in order. In fact, you'll probably get more attractive rates than what you currently pay at your financial institution. But you know that. That's one of the reasons you've decided to switch!

Whether it's a mortgage, personal loan, business loan or line of credit, SCU has the flexible options you want. Every loan we provide is geared to help you pay it off quickly and for the lowest cost.

It's time for a change.

Bill Payment Options

:: MemberDirect™ & CUbyPhone

For your convenience, SCU offers these online banking and telephone services which can be set up to enable 24-hour access to account balances, transfers, and bill payments.

Pre-authorized Debits/Credits

We'll complete the paperwork to have any debits and/or credits redirected to your SCU account so you won't miss a beat. Account numbers are usually all you need to provide, but in some cases – address, phone number or fax number may be required. Examples of this service include: payroll, child tax credit, CPP, life insurance, fitness memberships, etc.

Registered Products

SCU offers a variety of registered products including RRSP, RRIF, RESP, LIF, LIRA, and LRIF. We can facilitate the transfers of all your registered accounts and will cover the transfer fee (some restrictions may apply).

Safety Deposit Boxes

SCU gives you peace of mind with our own safety deposit boxes at both branches. Various sizes are available for your particular needs. We'll have everything arranged on our end to provide you with a seamless transfer of all that's important to you.

Investments

Our investment professionals will be happy to discuss your financial plans and investments, including transfers from other financial institutions. SCU offers a wide range of premiere investment vehicles through Credential® Asset Management, Credential Securities® and Credential Direct®. For more information, please ask for our Wealth Management brochure.

Call today to find out how easy it is to switch to SCU.
